SCREENING QUESTIONNAIRE

Are you experiencing any cold, flu or COVID-19-like symptoms, even mild ones?		*Yes*	*No*	*Unsure*
Have you travelled to any countries outside Canada (including the United States) within the last 14 days?		*Yes*	*No*	*Unsure*
Did you provide care or have close contact with a person with confirmed COVID-19?		*Yes*	*No*	*Unsure*
Are you allergic to any medications including vaccines?		*Yes*	*No*	*Unsure*
Do you have an allergy to kanamycin, neomycin, gentamicin, thimerosal, chicken protein, polymixin or gelatin?		*Yes*	*No*	*Unsure*
Have you ever had a severe, life threatening reaction to a past vaccination?		*Yes*	*No*	*Unsure*
Have you had wheezing, chest tightness or difficulty breathing within 24 hours of getting a vaccine?		*Yes*	*No*	*Unsure*
Are you allergic to latex gloves?		*Yes*	*No*	*Unsure*
Have you had Guillain-Barre Syndrome within 6 weeks of getting a vaccine?		*Yes*	*No*	*Unsure*
Do you have a new or changing neurological disorder?		*Yes*	*No*	*Unsure*
Do you take a blood thinner or have a bleeding disorder?		*Yes*	*No*	*Unsure*
Pharmacist-Will you be administering a Live Vaccine? *(If "No", skip the following questions)*		*Yes*	*No*	
Do you have a medical condition that can weaken your immune system? (eg. Leukemia, Lymphoma, HIV/AIDs)		*Yes*	*No*	*Unsure*
Are you taking any medications that can weaken your immune system within the past 3 months? (eg Prednisone etc)		*Yes*	*No*	*Unsure*
Have you received any other vaccines in the last 4 weeks?		*Yes*	*No*	*Unsure*
Are you or do you think you might be pregnant?	*N/A*	*Yes*	*No*	*Unsure*

CONSENT GIVEN BY PATIENT/AGENT

I, the undersigned client, parent or guardian, have read or had explained to me, information about the vaccine as outlined in the vaccine information sheets provided to me. I have had the chance to ask questions, and answers were given to my satisfaction. I agree to wait in the pharmacy for 15 minutes(or time recommended by the pharmacist) after getting the vaccine. I am aware that it is possible (yet rare) to have an extreme allergic reaction to any component of the vaccine. Some serious reactions called "anaphylaxis" can be life-threatening and is a medical emergency. If I experience such a reaction following vaccination, I am aware that it may require the administration of epinephrine, diphenhydramine, beta-agonists, and/or antihistamines to try to treat this reaction and that 9-1-1 will be called to provide additional assistance to the immunizer. The symptoms of an anaphylactic reaction may include hives, difficulty breathing, swelling of the tongue, throat, and/or lips. In the event of anaphylaxis, I will receive a copy of this form containing information on emergency treatments that I had received, or a copy will be provided to my agent or EMS paramedics.

☐ I confirm that I want to receive OR ☐ I confirm that I want my child to receive
