## SCREENING QUESTIONNAIRE

Are you experiencing any cold, flu or COVID-19-like symptoms, even mild ones?	Yes	No	Unsure
Have you travelled to any countries outside Canada (including the United States) within the last 14 days?	Yes	No	Unsure
Did you provide care or have close contact with a person with confirmed COVID-19?	Yes	No	Unsure
Are you allergic to any medications including vaccines?	Yes	No	Unsure
Do you have an allergy to kanamycin, neomycin, gentamicin, thimerosal, chicken protein, polymixin or gelatin?	Yes	No	Unsure
Have you ever had a severe, life threatening reaction to a past vaccination?	Yes	No	Unsure
Have you had wheezing, chest tightness or difficulty breathing within 24 hours of getting a vaccine?	Yes	No	Unsure
Are you allergic to latex gloves?	Yes	No	Unsure
Have you had Guillain-Barre Syndrome within 6 weeks of getting a vaccine?	Yes	No	Unsure
Do you have a new or changing neurological disorder?	Yes	No	Unsure
Do you take a blood thinner or have a bleeding disorder?	Yes	No	Unsure
Pharmacist-Will you be administering a Live Vaccine? (If "No", skip the following questions)	Yes	No	
Do you have a medical condition that can weaken your immune system? (eg. Leukemia, Lymphoma, HIV/AIDs)	Yes	No	Unsure
Are you taking any medications that can weaken your immune system within the past 3 months? (eg Prednisone etc)	Yes	No	Unsure
Have you received any other vaccines in the last 4 weeks?	Yes	No	Unsure
Are you or do you think you might be pregnant?	N/A	Yes	No

## CONSENT GIVEN BY PATIENT/AGENT

I, the undersigned client, parent or guardian, have read or had explained to me, information about the vaccine as outlined in the vaccine information sheets provided to me. I have had the chance to ask questions, and answers were given to my satisfaction. I agree to wait in the pharmacy for 15 minutes(or time recommended by the pharmacist) after getting the vaccine. I am aware that it is possible (yet rare) to have an extreme allergic reaction to any component of the vaccine. Some serious reactions called "anaphylaxis" can be life-threatening and is a medical emergency. If I experience such a reaction following vaccination, I am aware that it may require the administration of epinephrine, diphenhydramine, beta-agonists, and/or antihistamines to try to treat this reaction and that 9-1-1 will be called to provide additional assistance to the immunizer. The symptoms of an anaphylactic reaction may include hives, difficulty breathing, swelling of the tongue, throat, and/or lips. In the event of anaphylaxis, I will receive a copy of this form containing information on emergency treatments that I had received, or a copy will be provided to my agent or EMS paramedics.

☐ I confirm that I want to receive OR ☐ I confirm that I want my child to receive
